

Dear FCC, I am in total agreement that there is too much sex & violence on TV. I have no kids of my own but I do run a youth center here in Waldorf, Md. and I see what it does to these kids by their behavior and what they tell me they do all week long; WATCH TV! I had my own CATV turned off Jan 1, 2004 due to content. I was sick of all the violence and sexual scenes. You saw what happened at the Super Bowl when "powers that be" are not supervised. Imagine these kids minds! Please, I know it can't be like it used to be, but make it 50% less at least. Thank you, Phil DiPrima WA3MNS
